

[Institut Supérieur des Beaux Arts Besançon](#) plans to celebrate along with the Maison de l'Europe and other local actors the Europe Day on **Saturday 9th of May 2015** in Besançon.

We would like to propose you a “drawing participation” to this event: the students are invited to realise a sketch or a drawing on the general theme “Europe, peace, freedom of speech and creation” and more generally our common values. The only limit is the format of the paper: a white, blank sheet of paper of 21.7 x 29 cm. The colour (s) used are left to the inspiration of the author.

The deadline of receiving the works will be 1st of May 2015. They should be sent by post to our address, ISBA, 21, Rue Denis Pepin, 25000, Besançon. The drawings will not be returned.

All the entries will be exhibit in the main historical square of Besançon and will benefit of important media coverage. A present will be sent to the exhibit that will be selected by the general public during this important day.

Looking forward to celebrating Europe together on May 9th!
